In reply to a petition made as per above orders the D/ Commissioner submits 3 different statements showing Khanas lands assessed occupied land & assessed unoccupied lands.

May the draft Notification defining real limits of Khalsa be published

DMG 13/5/1

Memo

4

In his letter etc $\frac{4136}{1001}$ dated 12th May 1894 (sl 1), the Dy Com Kolar ~~proposed the~~ stated that no principle was observed in fixing the limits of the Kolar Town municipality and requested instructions as to whether the terminus of the lands attached to the town might be taken to be the limits of the city until the town boundary was finally fixed by the Board and Govt sanction obtained therefor.

(2) Thereupon the Dy Com (sl 2) who was asked to explain the phrase "the terminus of the lands attached to the town", (sl 3) submitted a map of Kolar town and stated that certain assessed lands were proposed to be included within the municipal limits with a view to avoid future reference when any of the said lands

might be required for the extension of the town.

(3) The Chief Engineer, whose opinion was called for in regard to the D[istrict] C[ommissioner]'s proposal, stated that as soon as the municipal boundary shall have been fixed by the Board and sanctioned by Govt. the boundary stones might be fixed as in Bangalore. Thereupon the Govt approved of the proposed definition of municipal limits and directed that the boundary stones were to be fixed in consultation with the D.P.W. the D[istrict] C[ommissioner] being asked to submit a draft notification for publication in the Gazette (sl 4) (sl 6)

(4) In his letter etc $\frac{3632}{95\cdot9}$ dated 26 March 1896, the D[istrict] C[ommissioner] stated that boundary stones were fixed in consultation with the D.P.W and forwarded for publication in the Gazette.

6

Gazette a draft declaration specifying clearly the municipal limits as recently modified (Sl 10).

(5) In reply to a further reference made from this office, the Dy Comr on 26-6-96, on 11-5-98 submits 3 different statements ^ shewing the extent of lands ^ within the municipal limits as now revised, of which an abstract is given below:—

	Extent A. G.	Assessment Rs—a—p
(1) Kharab lands	327-32.	0—0—0
(2) assessed unoccupied lands	5—31.=	22—0—0
(3) 0— occupied lands	303—7 =	722.12—0
Total	636-30 =	744-12-0

(6) May the notification defining the municipal limits of Kolar received with Kolar Dy Comr's ^ No 3602/957 of 26/3/96 (Sl 10) be now published in the Gazette & Chief Engineer asked to state if the contributions payable for the maintenance of D & T and, roads fenced in Pro No 5020-9 (Sl Dtd 18/9/93, will be affected & if so, to what extent by the revision of the town limits

yes on the distinct understanding that the revenue both Pre-Cent- & Prospective; from the agricultural lands included within the municipal limits will continue to be an item of State revenue & that no alienation of any portion of such land for [redacted] purposes shall be made without the previous sanction of Govt. to be withheld in the Revenue Despatch of 1857 & Rules thereunder

Any change ^ will of course be made in due course

SUBJECT

Requests instructions whether the the taxminations of the lands attached to the Kolar Town may be taken to be the limits of the Municipality until the boundary is formally fixed by the Board and Government sanction is obtained therefor—

References (to be entered only in the Dewan's Office).

Submitted

Deputy Commissioner's office
Kolar District.

No. 4136/1001

(11)

Dated 12th May 1894.

To

The Chief Secretary to the
Dewan of Mysore.

Sir,

I have the honor to state that the boundaries of the Kolar Town Municipality have not been defined. The extent of the roads that run through the Municipality have been however fixed by the Public Works Department evidently with the object of regulating the annual grants for their repairs and maintenance. This even is not very satisfactory as such limits do not contain the same length in all the directions, the same extending to one furlong in one road, 1/2 a furlong in another and ending in close proximity to the town in the third and soon. No principle appears to have been observed in fixing the limits of the Municipality either where the roads exist or where they do not

circumstances

-structions whether the terminus of the canal attached to the Town may be taken to be the limits of the Municipality until the boundary is formally fixed by the Board and Govern-ment sanction obtained therefor.

I have the honor to be,

Sir,

Your most obedient Servant,

E [illegible]

Deputy Commissioner
Kolar District.

submitted for orders.
12
14/3

To, The Councillor.
Since the map in the covering letter throws much further light on the case. That the DC communication "by termination of the lands attached Kolar town" may mean the limits of the Revenue village of Kolar as per survey accts. But however to make it clear.
Nor has the necessity been made out for including within the proposed municipal limits cultivable lands now out of the same. If for the extension of the town beyond, May not the extension be so circumscribed?
The DC ought to make a full & intelligible report on the subject.
16/3

Send the first letter of plan which [illegible] for some of the [illegible] within the limits of the survey may not be found boundary stones as in Kolar

dated 30th May 1894

In reply to the above, have the honor to submit herewith a map of Kolar town and to state that the site marked in green color is the existing town of Kolar and the sites marked in red color are the public buildings in it. The submerged lands of Kolar Amani Kere and of Kannur

town K

tank together with survey
No 217 which are classed
as Karab and other assessed
lands of ... within the
Radius are proposed
to be brought under Muni-
-cipal limits. These assessed
lands are now proposed
to be included within the
Municipal limits with a
View to avoid future re-
-ference when any of
the said lands may be
required for the Extension
of the town.-

Requests therefore
that sanction may be
accorded for the same

Yours
Deputy Commissioner
Thana
